

Math 1
Quiz 1 Review

The quiz on Friday, August 26 assesses the following unit standards:

- **1A: expressions** Students define quantities and interpret expressions.
- **1B: units** Students understand and use units as a way of interpreting expressions.
- **1C: equations** Students solve equations and describe the process used to solve them.

I will also be checking to see if your graphing calculator is engraved. Thus, you need to bring your graphing calculator. The calculator check will count towards standard C6 (technology).
